

Lenovo ThinkStation Promotion

Unleash your potential with ThinkStation

Lenovo's flagship performance machine, ThinkStation® is exceptionally engineered for professional users of graphically and computationally intensive applications who require a level of performance unattainable with a standard desktop computer. Powered by Intel® Xeon® processor technology, with graphics by NVIDIA Quadro® and ATI FirePro™, ThinkStation offers the professional-strength performance you need to do more, faster.

In developing the ultimate workstation, we took our legendary Think® product design and created two powerful, highly versatile models – the single-processor S Series workstations and the dual-processor D Series workstations. Both feature the latest technologies from Intel®, NVIDIA®, ATI™ and our own ThinkVantage® Technologies. Both are ISV Certified and optimized to run the world's most demanding workstation applications smoothly and worry-free. And, like all Think® brand products, ThinkStation models employ smart features and rock-solid reliability you can count on to make a day at the office like a walk in the park.

Discover professional-strength performance. Unleash your potential with ThinkStation.

ThinkStation S20
410554U \$1,179
With Double Your Memory Free \$590 Value

5x6 Tower
MS Vista Business 32¹
